

# COLOUR TRANSFER CASING

- ✓ Cook and Ship
- ✓ Uniform Colour Development
- ✓ No weight loss
- ✓ Simplifying Manufacturing

## COLOUR TRANSFER CASING

# THE HIGH BARRIER CASING WITH COLOUR TRANSFER REDUCING HANDLING AND COSTS

### APPLICATIONS

- ✓ Smallgoods
- ✓ Cheese
- ✓ Poultry products

### MATERIAL TYPES

#### NPC

Multi layer film, with high shrink and high barrier properties. Suitable for cooked meat products, sliced and shaved ham, processed chicken rolls, and processed cheese.

#### PNP

Multi layered film with specific properties enabling its use with high volume automated production lines. Suitable for high output cooked ham production, cooked meats, and processed cheese.

### BENEFITS

- ✓ Always uniform in colour
- ✓ Tender rind
- ✓ Reduced handling and material savings
- ✓ Extended shelf life
- ✓ Reduced smokehouse time
- ✓ Dry stuffing, no pre soaking required
- ✓ Improved food safety

### CALIBRE RANGE

Flat width 80mm – 280mm.

### COLOURS

An extensive range of colour tones and patterns are available.

### PRINTING

- ✓ Up to 4 colours on one side
- ✓ Continuous or located

### CONVERSION TYPES

Rolled tubing, preshredded, flat film, cut pieces clipped and looped, flat film with tape seal for use on poly clip TSA systems.
